FOREWORD

This booklet of price lists has been prepared especially for the use of all services, departments, agencies, and offices of the United States Government.

All Monroe machines listed herein have been approved and a contract awarded by the Federal Supply Service, General Services Administration, as follows:

Contract No. GS-00S-15300

1958 FISCAL YEAR

July 1, 1957 — June 30, 1958

Prices The prices of all Monroe machines are listed in this booklet to show the price of each model, the excise tax, and the price including tax. All prices are net to the United States Government. Prices will be slightly higher in those states and localities where the incidence of state, sales, use, occupational, or other similar taxes are imposed on the seller. Currently the states are Illinois and South Carolina; departments of the United States Government in these states are not exempt from state and local sales, use, and occupational taxes.

Reductions for Quantity Purchases Apply only to Monroe Adding Machines, under Item Nos. 54-M-4795, 54-M-4796, 54-M-4796-300, 54-M-4796-350, 54-M-4796-500, 54-M-4796-550, 54-M-4796-650. A quantity purchase of any models of Monroe Adding Machines made by a single order will earn a reduction from the price published herein according to the rate that applies as follows:

<i>No. of Machines on Single Order</i>	<i>Reduction</i>
50 to 99.....	3%
100 to 249.....	10%
250 or more.....	12%

A reduction is granted only on a single order and for a minimum quantity as specified above. Delivery of machines is to be completed within 90 days from the date of the order or as soon thereafter as practical for the company.

Delivery Machines and all other equipment listed in this booklet are delivered to any point in the continental United States, Alaska, and Hawaii, prepaid from Orange, New Jersey, or at option from contractor's nearest distributing point.

Deliveries: Calculators, 1-90 days; adding machines, 1-180 days; accounting machines, 1-180 days.

Allowances An exchange allowance will be made on Monroe machines and machines of other manufacture in part payment for new Monroe machines.

Orders All purchases of machines by departments and services of the United States Government should be made on standard Government order forms which should show both Monroe model designation and corresponding Government item number. Orders may be mailed either to the Branch Office of the Monroe Calculating Machine Company, Inc., that is nearest to the point of issue, or to the Office of the Director of Government Sales, Monroe Calculating Machine Company, Inc., 1320 18th Street, N. W., Washington 6, D. C.

Guarantee All Monroe machines are fully guaranteed for the period of one year. This guarantee, however, does not cover burned-out motors, damage caused by fire, accident, neglect or abuse, or other causes beyond the manufacturer's control.

The Man from Monroe offers a double service — the broadest, most versatile line of figuring machines in the industry and the knowledge of how to apply them toward greater economies in office procedures. For the Monroe representative is, above all, a methods man — a systems expert trained in the analysis of figure problems and in devising more efficient ways to handle them. In short, no one is better qualified to solve figuring needs than the Man from Monroe.
